

Aspen EFD-1000, EFD-1500, EFD-2000, EFD-2500, PFD and MFD:

Database	Function	Storage	Update cycle	Supplier	Notes
Jeppesen	Terrain, Obstacle and navigation	MicroSD	28 Days	Jeppesen.com	Remains available Required for PFD's with synthetic vision option and ALL MFD's
Seattle Avionics	Chart data and airport diagrams	MicroSD	28 Days	Seattleavionics.com	Remains available

16 Gb FAT32 MicroSD card is part of TSO, as such you require an Aspen or Jeppesen supplied datacard to conform with the TSO. Using non TSO-ed cards would render the product certification invalid, and as such this is illegal.
